SKILLS

- Languages:** Java, C, Python
- Technologies:** HTML, CSS, Node.js
- Databases/Tools:** MySQL, Git, GitHub, Figma
- Soft Skills:** Problem solving, Team collaboration, Time management, Adaptability

PROJECTS

- Movie Recommendation System | Python | GitHub**

Dec 2025

 - Analyzed and processed a movie dataset using Python to identify trends and patterns across ratings, genres, revenue, and other key attributes.
 - Performed data cleaning and preprocessing to handle missing values, duplicates, inconsistent data, and improve overall dataset quality.
 - Conducted exploratory data analysis (EDA) using Pandas and NumPy to generate meaningful insights from movie-related data.
 - Created visualizations using Matplotlib and Seaborn to represent genre distribution, ratings, revenue trends, and other important relationships.
 - Tech Stack: Python, Pandas, NumPy, Matplotlib, Seaborn, Jupyter Notebook
- Himachal Trekking Explore | GitHub**

April 2026

 - Developed a responsive Himachal Pradesh trekking website featuring detailed information on trails, including distance, altitude, difficulty, location, and routes.
 - Implemented dynamic search and filtering based on trek difficulty, distance, altitude, and location for easier trail discovery.
 - Integrated interactive maps and trek images to provide visual route exploration and enhance user experience.
 - Designed detailed trek cards and information sections to help users compare and explore different trekking destinations.
 - Tech Stack: HTML5, CSS3, JavaScript, JSON, Maps API.

CERTIFICATES

- Web Scraping workshop | [upGrad](#)

May 2026
- Data science | [Infosys](#)

March 2026
- C++ | [Sylor academy](#)

Feb 2026
- Big Data | [Infosys](#)

March 2026

ACHIEVEMENTS

- Successfully participated in a Hackathon and developed a technology-driven prototype, demonstrating strong problem-solving, teamwork, creativity, and implementation skills.
- Actively participated in Kaggle, working on real-world datasets and data science projects to strengthen skills in data analysis, Python, and machine learning.

EDUCATION

- Lovely Professional University**

Phagwara, Punjab

 - Bachelor of Technology - Computer Science and Engineering; CGPA: 5.85*

Aug 2025 - Present
- Govt, ser. Sec school Rakkar**

Rakkar, Himachal Pradesh

 - Higher Secondary Education; Percentage: 70.7%*

April 2023 - Mar 2024
- Lotus int. convent school Rakkar**

Rakkar, Himachal Pradesh

 - Secondary Education; Percentage: 60.0%*

April 2021 - Mar 2022
